

Photo Assignment

Take a picture with bokeh

Things to remember:

- Use the right lens
- Use the lowest aperture number available on your lens
- Place your subject far away from the background
- Get close to your subject
- Plan your photo below

Camera Settings:

Focus: Auto

Exposure: Aperture
Priority (A)

Aperture: Use the
lowest setting on your
lens. f/2.8 or lower is
the best.

Flash: off

Plan your photo:

Subject: _____

Location: _____

Time of Day: _____
